# Come and enjoy great music in a free concert on the last Wednesday of every month\* of the forthcoming academic year (\*except April 2019)

This series we hear music from all around the globe: we can't manage every country but we'll visit quite a few! Some of the music will be familiar, some less so: but all the repertoire will be interesting, varied and suited to the character of the Meeting House's iconic 1966 organ. With the Wi-Fi console in the middle of the audience circle, people can watch and feel entirely involved in the concerts.

D'Arcy Trinkwon is one of the outstanding artists of his generation and is renowned for his "astounding virtuosity" (**The Organ**). Performing in international festivals and concerts series around the world, his engagements include recording, broadcasts, masterclasses, teaching and concertos performances. He is respected for his tireless efforts to reveal the beauties of the organ and its music to as wide an audience as possible.

A feature of all these concerts is the verbal introductions to the music given by D'Arcy who explains what the music is all about...

*"His splendid, but nevertheless subtle virtuosity combined with considerable artistic integrity to demonstrate that he is one of the really great artists of his genre."* München Merkur

*"The supremely gifted organ virtuoso D'Arcy Trinkwon.... His subtle yet magisterial command of the instrument was spell-binding."* The Organ

*"So much infectious joy radiates from his performance that purists could suffer severe pangs of guilt."* Organists Review
